Dear Partner;

The mission of Pacific Elementary School is to have *All Students Achieving at High Levels*. The way we do this is to provide a quality education with a focus on academic and social growth for our entire student body. **You** can partner with Pacific Elementary School to help improve student achievement and to help our young people be prepared to face the challenges of the future.

By donating student incentives, supplies, equipment or by participating in our campus community outreach events **you** will have played a significant role in improving our student's chances of being successful in life.

Each partnership we have at Pacific Elementary is unique and based on the needs, objectives and resources of the school and the partner. If **you** agree to partner with Pacific Elementary School, we would develop a relationship that would be beneficial for your organization and members, as well as our students.

If you are interested in partnering with Pacific Elementary please contact our Student Support Center Coordinator, Nailah Kokayi at 916-433-2803. We will happily work with you to find the best avenue for your support and partnership. We would love to have you visit our school to get a better understanding of our population and visualize ways to partner and support. You can schedule a tour by contacting our front office at 916-433-5089.

Below you will find dates and times of Pacific Elementary School's upcoming events, as well as ways others in the community have supported and partnered with Pacific.
